

This is a detailed topographic map of the Rogóźno region in Poland. The map features a grid system and various geographical features. A prominent red line, likely representing a proposed railway route, runs diagonally across the upper portion of the map. A black circle is drawn around a specific point on this red line, located near the label 'Nad Jeziorem'. The map includes numerous place names, such as Skurgwy, Gubiny, Szembruczek, Rogóźno, and Przydatki. It also shows contour lines, water bodies, and other topographical details. The map is oriented with North at the top.
